

# Mock Town Meeting

I go into 3rd grade classrooms in several of the elementary schools in town. I explain what a Town Meeting is and what an article is. The students brainstorm ideas for articles and go through a check list to see if their ideas are viable. Each class decides on one article to bring before their town meeting. The third graders from their school come to the town hall and we have a Mock Town Meeting where they debate and vote on their articles. I will post the schedule of this year's Mock Town Meetings. I also read books to classrooms.
